RIPON'S FAVORITE PIZZA RESTAURANT-- To Get A New Look and Double its Space

Ripon, Wis. Roadhouse Pizza, a fixture in downtown Ripon for more than 30 years, will begin a major renovation project next week that will more than double the restaurant's space, allowing for greatly expanded seating and new menu items.

The Roadhouse renovation and expansion marks the first of many projects to be undertaken by Boca Grande Capital, which has committed to revitalize numerous downtown buildings, preserving Ripon's historic nature while bringing new vitality to the heart of the community. "We could not be more excited about moving ahead with these plans," said Jim Connelly, Boca's chairman, chief executive officer and principal investor. "These projects represent a new chapter in Ripon's long and rich history -- a significant new investment in this strong and vibrant community." Construction contractors from the Ripon area will handle most of the Roadhouse renovation, said Lynn Pollesch, vice president of construction management for Boca. The contractors will include: Pollesch Construction, Ripon; Design Specialty Builders Green Lake; Atomic Plumbing, Ripon; Condon Total Comfort, Ripon; C & S Electric, Ripon, Surface & Surroundings, Ripon; Jackson Glass, Ripon
 Thanks to all the customers and people who have helped make this all possible. Roadhouse will continue to be open during the construction.
